

# FMC is proud to sponsor your membership with the Kansas Association of Wheat Growers.

Buy Topguard® fungicide from your local retailer, and FMC will pay \$100 (equal to the value of a one-year membership) toward your KAWG membership fee.

**TOPGUARD®**  
FUNGICIDE

For long-lasting, bottom-to-top disease control, turn to Topguard® fungicide. This highly systemic fungicide with translaminar activity protects the sprayed leaf and moves to new growth to help prevent additional disease from developing. Topguard fungicide provides residual protection for your wheat.

\*Topguard fungicide can be applied at 5-7 oz./A at green up with other product applications, including Finesse® cereal and fallow herbicide, to protect the wheat until flag leaf emergence. A second 5 oz./A application can be applied at flag leaf for further protection at grain fill.

**Simply provide KAWG a copy of your Topguard fungicide retailer receipt with your new or renewed membership form, and KAWG and FMC will take care of the rest.<sup>1</sup>**

\*Per FMC 2EE label. Flag leaf application should be 5 oz./A of either Topguard EQ or Lucento® fungicides.

<sup>1</sup>2019-2020 KAWG membership offer is valid September 1, 2019 through August, 31, 2020. Retailer receipt for Topguard fungicide must also be dated between September 1, 2019 and August 31, 2020 to qualify for the \$100 FMC/KAWG membership offer. Minimum purchase of 2 1/2 gallon jugs of Topguard fungicide is required.

Always read and follow all label directions, precautions and restrictions for use. Some products may not be registered for sale or use in all states. Lucento® fungicide may not be registered for sale or use in all states. Contact your local FMC retailer or representative for details and availability in your state. # Give a Voice to Wheat Growers.

No other organization puts your interests of wheat producers front-and-center like KAWG does. From education to advocacy, KAWG works on your behalf. Membership benefits include the latest wheat industry news, market commentary and a subscription to the "Wheat and Row Crop Farmer" newsletter, all of which can help your bottom line. We'll even include a copy of the "Wheat Varieties for Kansas and the Great Plains" -your best choices guide book. KAWG works hard to represent members both in Topeka and Washington, D.C., and our grassroots structure is respected by legislators and staffers alike. *-Justin Knopf, Gypsum*
